

CLARITY HEARING EVALUATION

- Evaluation is diagnostic, not just for selling hearing aids.
- Wax removal will be performed prior to testing.
- If hearing loss is found and recommendation for treatment is hearing aid(s), it is ALWAYS the patient's decision if hearing aid options are discussed.
- Evaluations are typically 1.5 hours as we provide a thorough evaluations that includes a cognitive screener, Speech-in-Noise Testing, and counseling on results.
- Medicare covers the cost of 1 evaluation a year by Audiologist.
- We offer special discounting for advantage plans that often require patient go to a hearing aid clinic for hearing evaluations.
- Positional vertigo testing and treatment offered at \$50 fee and can be performed during evaluation.
